Our sport - Our passion

EQUESTRIAN CANADA STATEMENT OF PRINCIPLES

ALL PERSONS SHALL BE COMMITTED TO:

- Upholding the welfare of all horses, regardless of value, as a primary consideration in all activities.
- Requiring that horses be treated with kindness, respect and compassion, and that they never be subjected to mistreatment.
- Ensuring that all Equestrians including owners, trainers and competitors, or their respective agents, use responsible care in the handling, treatment and transportation of their own horses as well as horses placed in their care for any purpose.
- Providing for the continuous well-being of horses by encouraging routine inspection and consultation with health care professionals and competition officials to achieve the highest possible standards of nutrition, health, comfort, and safety as a matter of standard operating procedure.

- Providing current information on Code of Practice for the Care and Handling of Equines and other equine health and welfare initiatives.
- Continuing to support scientific studies on equine health and welfare.
- Requiring owners, trainers and competitors to know and follow their sanctioning organization's rules, and to work within industry regulations in all equestrian competitions.
- Actively promoting the development and adherence of competition rules and regulations that protect the welfare of the horse.

The standard by which conduct or treatment will be measured is that which a person who is informed and experienced in generally accepted equine training and competition procedures would determine to be neither cruel, abusive, nor inhumane.

EC ACCIDENTS & RETURN TO PLAY RULE

Equestrian Canada's concussion related Accidents & Return-to-Play Rule came into effect Jan. 1/2017 for all EC sanctioned competitions in Canada. The full rule can be found in the EC Rules, Section A, General Regulations, Article 101. Key components of the rule include the following:

- In the event of a fall/accident where a concussion can be reasonably suspected, the competitors must receive medical clearance by qualified medical personnel on-site before continuing to compete.
- The competitor is solely responsible for ensuring the on-site medical assessment takes place. Should a competitor refuse to be evaluated, they will be disqualified from the competition.

- If on-site qualified medical personnel suspect a concussion or believe the competitor may be at risk of concussion due to the nature of the fall or impact, the competitor will be suspended from competition and placed on a Medical Suspension List until medically released.
- Competitors will remain on the EC Medical Suspension List until they submit an EC Return-to-Play Form, signed by a licensed physician, to EC.
- No competitor shall compete at EC sanctioned competitions while on the EC Medical Suspension List and competition organizers may refuse entry to anyone currently on the list.

EQUINE HEALTH & BIOSECURITY

Horse Health Requirements

In order to keep your horse and all horses on the show site as safe as possible please observe the following:

Proof of Vaccines: “All horse entered in any class at a competition must have met the requirements of Article A519, Vaccinations. See Rules of Equestrian Canada, Section A, General Regulations, Article A519, Vaccinations.” (A602.8) Proof of current vaccines must be uploaded by the closing date at the first Westar show of the season attended, and must indicate the horse’s show name and date of administration of EHV 1 & 4 and Equine Influenza. Competitors failing to meet this requirement will not be permitted entry. An incomplete entry fee will be added to entries that do not have the vaccine certificate uploaded by the show closing date.

Coggins Test/Equine Infectious Anemia (EIA): Required for all horses onsite and must be available upon request.

Equine Health Attestation: In making an entry at this show, each owner/trainer attests that, to their best of their knowledge, competing horse(s) under their care have not been in contact with any other horses (away or at their home facility) exhibiting symptoms or signs of illness within the last 21 days. They also agree to share knowledge of any stabled horse displaying symptoms of infectious disease or have contact with any horses displaying such symptoms, and agree to immediately inform show management at the show office or by email to: entries@westarfarms.ca.

Contact information and contact tracing must be completed.

Site Entry & Biosecurity

Access the show site via the south entrance (closer to Dwyer Hill Rd) directly into the parking area. Please follow parking directions and be respectful of others, leaving space for large vehicles to maneuver and not blocking access routes. Cars must park long perimeter of parking field.

All horses must be registered with the show office. In addition to rule A519 Vaccinations, biosecurity measures are in place for horses. All grooms, trainers, competitors and braiders are also responsible to follow

safe practices if visiting more than one barn and are expected to limit their traffic footprint to their own stable area. New in 2025- It is the service provider’s (braider, farrier, physio, sports therapist, etc.) responsibility to have a record of all tents/stalls they have visited listing the horse’s name, trainer, date and time of the visit, and to have these records available for contact tracing purposes to management upon request. The stabling area is closed to spectators.

Healthy People & Horses

- Review and ensure you are prepared for quick implementation of an isolation plan at our competition grounds and/or at your home farm or facility.
- Isolate horses at first signs or symptoms of infectious disease and contact your vet immediately.
- Any horses with a temperature of 38.6C or 38.2 C if on an NSAID, or other temperature suppressing drug should isolate in separate facilities on the competition grounds or at separate veterinary facility off-site.
- Maintain social distancing for horses; no nose-to-nose contact with other horses.
- Practice hand washing, particularly in between handling horses.
- Keep separate feed buckets, brushes, rags, and tack/equipment for each horse.
- Eliminate communal or shared water buckets.
- Ask your veterinarian about appropriate sanitizing solutions.
